A. COMPANY BACKGROUND

Here we will be outlining the background for our company activities, describing the mission statement:

1. MISSION STATEMENT

i. Our mission is to help our communities and protect policyholders. We believe in doing everything we can to make a difference in our clients' lives.
ii. Many home and business owners don't realize that they can file insurance claims to help take care of their properties.
iii. Every year insurance companies fail to pay out millions of dollars owed to home and business owners by exploiting their lack of knowledge and expertise.
iv. In addition to assisting with claims, we are committed to sharing our knowledge and expertise about various policy coverages with the public so that insurance companies can't take advantage of them.
v. UPA is invested in helping people during some of the most challenging times of their lives.

B. RESOURCES

Here we will be outlining the various resources for our outreach, describing the programs in close detail:

1. NON-PROFIT INITIATIVES

i. Project Restore

1. *Target:* Property Owner with damage from hurricane
2. *Mission:* To restore properties to their original condition, before the advent of the hurricane, providing the victims with financial compensation. (Note: this project can be used in non-hurricane zones as well)
3. *Key Elements:*
    - This program was enacted on behalf of hurricane Fiona/Ian in an effort to provide aid to those who were affected
    - All hurricane victims are entitled to free property damage inspections/assessments
    - Insurance companies send out CAT adjusters who will briefly inspect the damage. Meanwhile, we take our time and thoroughly analyze the premise for all coverable damages
    - CAT adjusters write "pages", leading to shallow estimates
    - UPA adjusters write "books", leading to accurate estimates

ii. Loyal Christian Housing Advantage

1. *Target:* Pastor of Church Parish
2. *Mission:* To aid churches and members of the church community in receiving financial compensation for property damage
3. *Key Elements:*
    - This program seeks to provide the church communities with policy education and free inspections
    - All members of the church are entitled to free property damage inspections/assessments
    - The church property is thoroughly inspected and carefully reviewed for coverage
    - Churches are frequently visited by people and organizations. This frequent visitation may result in accidental damages

- 5% of all proceeds are donated to the church

iii. **Restaurant Rescue**

1. *Target:* Restaurant Owners/Managers
2. *Mission:* To aid restaurants in receiving financial compensation to repair any aspect of their property
3. *Key Elements:*
    - This program helps restaurants to repair damages that have occurred to the outside of the property, as well as the inside kitchen and dining areas
    - Many kitchens have some type of damage from oil fires, sink leaks, etc
    - The contents are usually covered such as appliances or culinary materials
    - The dining areas are often subject to large amounts of customers coming in and out. There is a good chance that an accident has occurred. For example, someone may have dropped a glass, resulting in a cracked tile

iv. **Seller's Advantage**

1. *Target:* Realtors or Property Seller's
2. *Mission:* To benefit Property Seller's by assisting in the repairment of property damage
3. *Key Elements:*
    - This program alleviates any concerns from both the buyer and seller of the property, by establishing that all damage is accounted for and financially compensated
    - Before a home is sold, we can inspect the premise for any qualifying damage for the realtor to be compensated for
    - After a home is sold, we can still inspect the area and help the buyer of the home recover from any coverable damages
    - Our service serves as a selling point to the Realtor as well, providing them with proof that they can give to the homeowners that the property was inspected thoroughly for damage
    - We can additionally assist the new home buyer with future property claim needs

v. **Landlord Advantage**

1. *Target:* Landlords

2. *Mission:* To assist landlords in attending to their renter's property damage needs
3. *Key Elements:*
    - This program establishes an ongoing relationship between the landlord and UPA
    - We will provide the landlord and their clients with routine property inspections (Quarterly) to assess for any damage
    - This program has a $1000 one-time-purchase by the landlord to join
    - We will represent the landlord and their renters on any claim settlement
    - This service is a selling point for the landlord, as any damages will not be taken out of the security deposit of the renter
    - If the landlord has a contractor they hire to repair the damages, that works perfect – they can still get compensated for the repair costs instead of paying out of pocket/security deposit

vi. Business Owner's Relief

1. *Target:* Business Owners
2. *Mission:* To restore business properties to their original condition
3. *Key Elements:*
    - This program is very similar to that of restaurant rescue but geared towards businesses
    - We can reach out to any business owner and aid them with the damage to their building

2. PARTNERSHIPS

i. Overview: All these partnership programs are very similar and are oriented towards specific lines of work. They aim to form mutually beneficial relationships, creating synergies. In all these partnerships, the concept is the same – we will provide financial compensation for any qualifying referrals. The partner (whoever it may be) does not attend to the claim adjusting efforts, they simply perform their specific tasks/duties

ii. Partnership Programs

1. *Plumber's Advantage*
2. *Contractor Credit*
3. *Roofer Reward*
4. *Tree Service Benefit*

iii. **Mission:** In the partnership programs, our mission is to create lasting relationships that benefit all parties involved. Utilize these programs in your outreach efforts as a method of establishing business partners and relations

3. MARKETING INCENTIVES

i. **Vacation Award**

1. *Target:* 10-15 referrals
2. *Offer:* Complimentary stay at resort to a select destination
3. *Key Details:*
    - All hotels are reputable (3-5 stars), and duration is 4 – 6 days
    - Choose from 38 countries and over 1000 destinations
    - Powered through paid UPA partnership with resorts to acquire vacant rooms
    - Client is required to pay the government taxes and fees upon activation of the award (varies upon destination; usually about $100)

4. *Distribution*:
    - When distributing this award to clients you will need to receive their:
        - Full Name
        - Email Address & Phone Number
    - Ask the client for their top 3 destinations (Popular destinations are Cancun, Mexico and Orlando, Florida)
    - UPA will send the vacation award to the client via email. Please inform your direct manager or POC of the intent to distribute the award, and administrative staff will process the request

ii. **Hotel Savings Card**

1. *Target:* 3-5 referrals
2. *Offer:* $500 discount on hotels
3. *Key Details:*
    - All hotels are reputable (3-5 stars)
    - Choose from over 1000 resorts worldwide
    - Offers real-time price comparison from most popular travel agencies (Booking, Expedia, Kayak, etc.)
    - Powered through paid UPA partnership with travel agency

4. *Distribution*:

- When distributing this award to clients you will need to receive their:
  - Full Name
  - Email Address & Phone Number
- UPA will send the hotel savings card to the client via email. Please inform your direct manager or POC of the intent to distribute the card, and administrative staff will process the request

iii. Restaurant Rewards Card

1. *Target:* 3-5 referrals
2. *Offer:* $100 voucher for restaurant rewards
3. *Key Details:*
   - Credit system to acquire rewards. Ex| Use $3 of the $100 credit to obtain a 50% off reward for restaurants
   - Choose from over 10,000 restaurants nationwide
   - Powered through paid UPA partnership with restaurants
   - $7.95 activation fee

4. *Distribution*:
   - When distributing this award to clients you will need to receive their:
     - Full Name
     - Email Address & Phone Number
   - UPA will send the restaurant rewards card to the client via email. Please inform your direct manager or POC of the intent to distribute the card, and administrative staff will process the request

4. NETWORKING ORGANIZATIONS

i. BNI – Business Network International

1. *Environment:* In-person, Online, or Hybrid
2. *Summary:* The largest business networking group in the world
3. *Key Elements:*
   - Grow network, gaining referrals and developing your business opportunities
   - Build a support team
   - Learn effective communication strategies

ii. Letip

1. *Environment:* In-person, or Hybrid
2. *Summary:* Oldest and most trustworthy business networking group in U.S
3. *Key Elements:*
    - Cultivate business relationships and friendships
    - Learn business tips in a competition free space

iii. Facebook

1. *Environment:* Online
2. *Summary:* Access to community pages and client outreach
3. *Key Elements:*
    - Confer with people who have similar interests, or could possibly be benefited by our services

iv. Knights of Columbus

1. *Environment:* In-person
2. *Summary:* Global catholic fraternal service founded in 1882
3. *Key Elements:*
    - Connect with like-minded individuals, growing your character and network connections
    - Grow attributes of charity, unity, and fraternity

v. Linkedin

1. *Environment:* Online
2. *Summary:* Largest online business networking platform
3. *Key Elements:*
    - Leverage community pages and business outreach
    - Tap into industry news and updates

vi. Chamber of Commerce

1. *Environment:* In-person
2. *Summary:* Local chamber of commerce group is one of the best places to meet foundational members of the community
3. *Key Elements:*
    - Foundational training, professional development, and resources for members

C. WORKFLOW

Here we will be outlining the procedure for our activities, describing the workflow in simple steps:

1. AWARENESS

i. Reach out to any homeowner or commercial property owner (any property insurance holder)
ii. Inform them of our non-profit organization and the program that you are leveraging
iii. Educate them on policy coverage and damage that they may qualify for
iv. Explain how UPA licensed public adjusters can manage their claim and maximize their settlement
v. To qualify for UPA services, the client must hold property insurance
vi. If the client does not have property insurance, we may aid the client in setting up their FEMA application (Note: Only if client is in a catastrophe zone)

2. ASSISTANCE

i. Inspect the property for any coverable damage that may qualify for our services
ii. Arrange the client with UPA services. To do this, the client must speak to a UPA licensed public adjuster. You will call one of our staff members and have them clarify the accompanying paperwork. (Note: For PA licensed individuals, you will be given DocuSign credentials and be permitted to send over the paperwork through entering the clients email address)
iii. If a UPA licensed public adjuster is not available and you do not have access to the DocuSign, you will have the client complete step iv and a UPA staff member will reach out to them
iv. Provide client with an information sheet to complete. This information sheet will be utilized as a supplement to track your progress and keep record of important client contact details

3. ASSESSMENT

i. Perform measurements on the property and affected areas. Utilize a tape measurer to gather size information. After you finish 10 appointments, you will

be sent a Matterport to create 3-D models (We require you to perform the first 10 without the Matterport as a pre-requisite learning experience)

ii. Capture pictures of the damage using a phone camera or any other device with camera capabilities

iii. Send measurement data, pictures, and client information sheets to reports.unitedpublicadjusters@gmail.com

D. DRESS

Here we will be outlining the dress code for our consultations, providing guidelines on what attire to wear:

1. ACCEPTABLE

i. Dress code

1. *Summary:* When in the field, we want to represent UPA with class and appropriate attire. Our goal is to have all people involved feel safe, welcome, and assured
2. *Men:*
    - *Pants:* Jeans, golf shorts, and slacks. All pants need to be clean, without holes, without obvious signs of wear and modest. No cutoffs
    - *Shirts:* Polos, button-ups, and plain t-shirts. No shirts with large logos or text and must be modest. No cutoffs or undershirts
    - *Shoes:* Dress shoes, boots, and tennis shoes. All shoes need to be in a good condition
    - *Facial Hair:* Any facial hair should be well kept and within professional norms. Keep things trimmed and well kept
3. *Women:*
    - *Pants:* Jeans, golf shorts, slacks, and skirts. All pants need to be clean, without holes or obvious signs of wear and modest
    - *Shirts:* Professional tops, dress, and t-shirts. All shirts need to be without large logos or text and modest
    - *Shoes:* Dress shoes, boots, and tennis shoes. All shoes need to be in a good condition

ii. Preferred

1. Nice Khaki slacks and a tucked in polo (with appropriate professional jacket depending on weather). Ball caps may be worn but must be plain, clean and without logos

2. UNACCEPTABLE

iii. Dress code

1. *DO NOT:*
    - Wear bulky coats
    - Ripped/holed pants
    - Immodest clothing. Meaning anything low-cut or revealing. The main thing we want to do is to ensure that all attention is on our mission not on us.
    - Shirts with large logos (bigger than your palm size)
    - Shoes that are uncomfortable to walk in for field work.
    - Avoid wearing lots of visible jewelry. This is for your safety
    - Facial Hair: Any facial hair should be well kept

E. PROPERTY INSPECTIONS

Here we will be further explaining the assessment process, describing the general protocol and guidelines:

1. GENERAL QUALIFICATIONS

i. Coverage

1. All insurance policies are different, and there are many factors that may influence coverage, such as the state, company, etc. However, there are general components that are commonly seen in standardized policies. We are going to review these general constituents
2. *Covered:* Property damage (including the contents of the building) that is accidental and has occurred recently is the type of damage that is usually qualifying under the insurance policy. Some examples of this may include:
    - Weather events – storm, wind, fire, ice, etc.
    - Civil commotion/riots
    - Collapse
    - Sudden/Accidental events
3. *Not Covered:* Property damage that is intentional and old is the type of damage that is usually not qualifying under the insurance policy. There are also certain events that are usually excluded from most policies, and they need to be additionally paid for and added as an endorsement/rider to the coverage form. Some examples of these may include:
    - Wear and Tear
    - Intentional Acts
    - Neglect
    - Flood, Earth movement
4. *Summary:* There are numerous insurance policies and covered perils. You will need to assess the damage and decide if this is damage that would be coverable, thus qualifying for our services. When in doubt, write it out. If there is uncertainty, arrange the client to UPA services and have one of our personnel look deeper into the case.

2. EVIDENCE

i. **Photos**

1. We need to capture photos of the damage (Phone camera works fine). We will take broad and specific photos of the damage, making sure that we account for several angles and clearly illustrate the affected areas. The photograph is a key element to the claim process, providing a visual representation and serving as one of the main pieces of evidence

ii. **Measurements**

1. *Dimensions:* The length, width, and height of the room must be measured. Measure each room individually. If there is an opening between two rooms (such as the kitchen and family room) treat them as two separate rooms

iii. **Communication**

1. Send the information that you have gathered to your direct manager via email

F. CONCLUSION

Here we will be closing the training manual, providing closing remarks on the material that has been covered:

1. CLOSING REMARKS

i. This training manual provides you with the essentials to learn about our services and leverage them in the field
ii. Your goal is to assist as many property owners as possible, ensuring that all policyholders are being taken care of with regard to policy education, repairment of damages, and fair claim settlements
iii. If you have any further questions, please reach out to one of our administrative members or ask during the training sessions

2. INSPIRATION

i. Success in life is determined by one's intentions. Here are some of our favorite quotes that have provided inspiration to our organization
ii. "If you are not the lead dog, the view never changes" - Unknown
iii. "The way to get started is to quit talking and begin doing" – Walt Disney
iv. "Quality means doing it right when no one is looking" – Henry Ford
v. "Don't be afraid to give up the good to go for the great" - John D. Rockefeller
